KAMALI K

UI/UX Designer | UI Developer | Frontend Developer

k.kamali2006@gmail.com | 7604938679 | linkedin.com/in/kamali-kalyanasundaram | github.com/kamalikalyanasundaram | leetcode.com/u/kamalikalyanasundaram

PROFESSIONAL SUMMARY

Aspiring UI/UX Designer and Frontend Developer with a B.Tech in Artificial Intelligence and Machine Learning and a technical foundation in HTML5, CSS3, JavaScript and React.js. Interested in designing intuitive, user-friendly and responsive web interfaces, with attention to visual hierarchy, layout and consistent interaction patterns. Built CampusConnect and FreshCart, two responsive React interfaces focused on usability, navigation and visual consistency. Strong problem-solving skills and eager to grow into a product design role by creating intuitive digital experiences.

TECHNICAL SKILLS

UI/UX Concepts: User Interface Design, UX Principles, Visual Hierarchy, Responsive Design, User Flow Design, Layout & Spacing, Wireframing & Prototyping (foundational understanding)

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, React Router, Tailwind CSS, Framer Motion, Responsive Web Development

Tools: Git & GitHub, VS Code, Vite, Google Colab

Additional Technical: Python, Node.js, Express.js, REST APIs, MySQL, MongoDB, Machine Learning (TensorFlow, Keras, NLP)

PROJECTS

CampusConnect – Student Career Development Platform GitHub

React.js · Vite · JavaScript · Tailwind CSS · Framer Motion · Lucide React

- Designed a student dashboard that brings career progress, internships, job opportunities and placement preparation into one place, using interactive card-based layouts and clear visual hierarchy.
- Structured opportunity discovery around job and internship browsing with search and filters (domain, location) so students can find relevant roles quickly.
- Created skill-tracking, placement-preparation (aptitude, technical, HR), student profile and resume-information sections with consistent navigation across pages.
- Applied a SaaS-inspired visual style (plum, coral and lavender palette, consistent spacing, modern typography, smooth transitions) with responsive layouts for desktop, tablet and mobile.

FreshCart – Premium Grocery E-commerce Platform GitHub

React.js · Vite · JavaScript · Tailwind CSS · React Router · Framer Motion · Lucide React

- Designed a premium organic visual style with an olive and sage palette, warm cream backgrounds, elegant product cards and a homepage featuring products and categories.
- Built intuitive product discovery with category browsing, search and price filters to reduce effort in finding groceries.
- Implemented shopping cart (add, remove, update quantity), wishlist and a checkout flow with demo payment options, plus order history with status tracking and a user profile.
- Focused on smooth navigation with React Router, subtle animations and a responsive layout optimized for desktop, tablet and mobile.

Carbon Maps | *React.js, Mapbox GL, React Router, React Icons, Node.js, Express.js*

- Developed an interactive map-based interface to visualize carbon emission hot-spots and carbon-sink regions from satellite and GIS data, supporting sustainability decisions.
- Connected the React front end to CORS-enabled Express.js REST endpoints to render real-time visualizations.

Organic Fertilizer Recommendation System | *HTML, CSS, Python, Machine Learning*

- Designed the HTML/CSS interface where users enter plant details and receive disease predictions with organic treatment recommendations from a Python ML backend.

Email Scheduler | *React.js, Node.js, Express.js, MongoDB, Nodemailer, Node-cron*

- Built a React.js dashboard to create, edit and track email campaigns in real time, backed by REST APIs and a MongoDB schema for subscribers, templates and delivery status.

EDUCATION

B.Tech – Artificial Intelligence and Machine Learning 2023 – 2027
Sri Shakthi Institute of Engineering and Technology CGPA: 7.3

Higher Secondary Certificate 2022 – 2023
Dawn Matric Hr. Sec. School Percentage: 83%

CERTIFICATIONS & ACHIEVEMENTS

- Data Analytics Certification – NoviTech (Sep 2024)
- SQL Certification – HackerRank
- Runner-up, Code Debugging (Technical Event) – Synapse 2K26, SNS College of Engineering

PUBLICATIONS

- Carbon Maps – Journal of Research and Review in Quantum Computing (ISSN: 3107-8826)
- Organic Fertilizer Recommendation System with Disease Prediction – IJRESM, Vol. 8, Issue 1, Jan 2025 (ISSN: 2581-5792)
